Equipment Sales-Fitting-Repairs

When you hit a poor golf shot it is more likely the fault of the Wizard, and yes, this mean you, than it is the fault of the Wand (the golf club). But how can you know this for sure? There is only one way for you to be certain that it is your golf clubs that are too blame for your poor golf shots! Have your equipment evaluated and go through a club fitting session with one of our PGA of Canada Professional's and find out if your current golf gear is right for you.

The Salem Ridge Golf & Academy offers numerous services relating to golf equipment:

- Single Component & Full Bag Fitting
 - Single Component Fitting \$100.00 + Tax and 1-Hour in Duration. You will be fit for one of the following: Driver, Fairway Metals, Hybrids, Irons, and Wedges
 - Full Bag Fitting \$200.00 + Tax and 2-Hours in Duration and you will be fit for all of the following: Driver, Fairway Metals, Hybrids, Irons, and Wedges
 - **Please Note:** The Fitting Fee will be discounted by 50% if equipment is purchased
- Equipment Evaluation & Blueprinting
 - Measuring and evaluating the Grip Size, Lie Angle, Loft Angle, and Length for all the clubs in your bag (including Putter)
